

## Superior 4K Clarity for Professional Applications

As a global leader in display technology, Planar innovates and redefines the standards for display design, performance and reliability. Planar offers a best-in-class portfolio of 4K LCD display solutions that deliver unparalleled Ultra HD image quality and performance for resolution-rich commercial applications.

Ultra HD displays from Planar deliver experiences that enable users to view and interact with 4K content in unique ways. More than just a display, Planar 4K LCD displays offer immersive experiences in sizes ranging from 50" to 98".

# Ultra HD LCD Product Lines

Planar offers a unique portfolio of 4K LCD displays solutions with value-added features designed to make Ultra HD LCD technology accessible, affordable and easy to implement.

## **PLANAR ULTRARES SERIES** | *Stunning 4K clarity meets state-of-the-art design and performance*

Planar® UltraRes™ Series displays offer superior performance with exceptional 4K clarity and advanced processing, ideal for applications ranging from collaborative meeting spaces to high-impact digital signage.

### Features and Benefits:

- Available in 75", 86" and 98"
- Best-in-class image and color quality
- Cutting edge 4K @ 60Hz support with Display Port 1.2 and HDMI 2.0
- Next-generation 4K compatibility with HDCP 2.2
- Ultra-slim Planar® Profile™ Mounting System
- Expansion slot supports Intel's Open Pluggable Specification (OPS)
- Planar® TouchMark™ annotation and whiteboarding software license included with each touch model
- Optional Planar® ERO™ and multi-touch technology

## **MULTI-SOURCE VIEWING**

Planar UltraRes Series displays have built-in Planar® MediaPlex™ Plus Processing offers advanced versatility and control of multi-source viewing.

### Features and Benefits:

- Multiple sources can be viewed simultaneously in dual, triple, quad or picture-in-picture (PiP) layouts
- Precise image adjustments optimize picture quality at the source level
- Seamless upscaling and downscaling within any layout
- Ability to recall and schedule custom preset configurations
- Planar® UltraRes™ App enables simplified on-the-fly switching of layouts and sources from any iOS or Android mobile device
- Remote monitoring alerts via email when a designated event occurs

## **PLANAR EP SERIES** | *High performance and interactive 4K display solutions*

The Planar® EP Series displays deliver superior performance and reliability for demanding public venue, corporate and control room applications. With OPS compatibility and interactive touch options, Planar EP Series displays can be transformed into complete digital signage or meeting room solutions.

### Features and Benefits:

- Available in 50", 58" and 65"
- Designed for 24x7 operation
- Ultra slim, logo-free metal bezel
- Built-in speakers
- Multi-touch models available
- Planar TouchMark annotation and whiteboarding software license included with each touch model
- Expansion slot supports Intel's Open Pluggable Specification (OPS)
- Supports landscape and portrait orientation
- Multi-source viewing supports PiP, dual, triple and quad layouts
- Supports native 4K at up to 60Hz with Display Port 1.2

## IMMERSIVE 4K EXPERIENCE

4K displays produce resolution and picture quality not before seen. With four times the resolution of Full HD, Planar Ultra HD LCD displays deliver amazingly life-like picture quality and an immersive display experience.

When displaying Ultra HD content, Planar 4K LCD displays deliver clarity and detail that appears sharp even at close viewing distances - no detail is missed. With vast connectivity, Planar 4K LCD displays can be used interchangeably with Full HD and Ultra HD sources today and emerging 4K sources coming to market in the future.

## ENGAGING TOUCH TECHNOLOGY

Planar 4K LCD displays can be transformed into fully integrated touch screens to create interactive experiences for public information, wayfinding, meeting room collaboration and training rooms. The displays offer precise multi-touch interactivity with a slim profile and protective glass seal to keep dust, dirt and moisture away from the display.

## INTERACTIVE ANNOTATION

For annotation and whiteboarding needs, Planar TouchMark is the premier collaboration solution. This easy-to-use software provides the essential toolset for collaborating on-screen in meeting rooms and classrooms. Planar TouchMark pairs nicely with any Planar touch-enabled displays, many of which support multi-user drawing and interaction. Planar TouchMark is available on select models.

## LOGO-FREE

Free your frame from logos that divert attention from your brand and messaging. All Planar 4K LCD displays are logo-free, allowing the spotlight to shine where it should – on the screen.

## Planar Commercial-Grade 4K LCD Displays What makes us different?

Planar commercial-grade 4K LCD displays are designed for lasting durability and superior performance. With features required for professional applications, Planar displays are much more than a television.

Compare Planar commercial-grade displays to commodity large screen TVs and you immediately see the advantages of a professional 4K LCD display from Planar.
