The Planar UltraRes 4K professional displays are fully RoHS compliant.

ADA Compliance Statement

All Planar UltraRes 4K professional displays are compliant with the Americans with Disabilities Act.

Part Number: 020-1275-01A

Getting Started

This guide provides instructions for configuring and using the Planar UltraRes app, which enables you to manage multi-source viewing on a Planar® UltraRes™ display from an iPhone®, iPad®, or Android™ mobile device.

Prerequisites

- Planar UltraRes
 - Firmware version: Build 19 or later
- iPhone or iPad
 - iOS version 7 or later
- Android
 - Version 4.1 or later

Configuring the Planar UltraRes App

- 1 Download and install the Planar UltraRes app from the Apple App Store or on Google Play™.
- 2 Obtain the IP address of your UltraRes display(s).
This step assumes the UltraRes is already set up on a wireless network. For setup instructions, refer to the *Planar UltraRes User Manual*.
- 3 On your mobile device, make sure you are connected to the same wireless network that your UltraRes is using.
- 4 Open the Planar UltraRes app:

- 5 Tap the Display List button:

- 6 Tap the Add Display button:

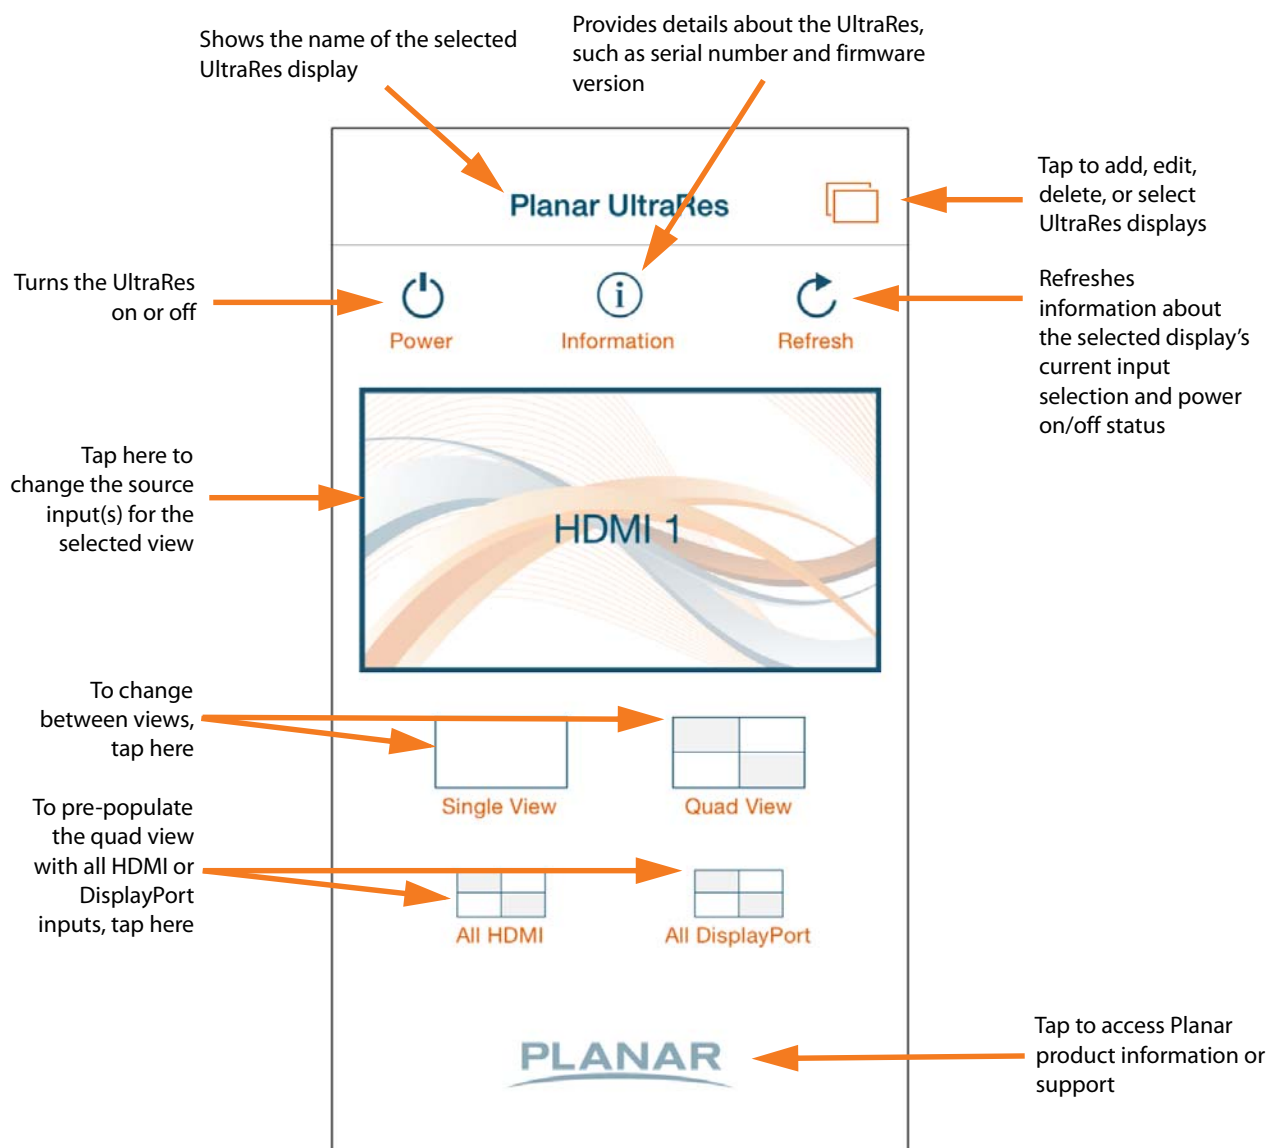

- 7 Complete the following fields and then tap **Done**:
 - **Name:** Enter a name for the UltraRes, up to 32 characters. Using a descriptive name is especially important if there are several UltraRes displays on the network.
 - **IP Address:** Enter the IP address of the UltraRes. For example: 10.15.0.72

- 8 Do the following as needed:
- To add more UltraRes displays, repeat steps 6 and 7.
 - To delete an existing display, swipe left (iOS) or long press (Android) on the display name and tap the **Delete** button.
 - To edit an existing display, swipe left (iOS) or long press (Android) on the display name and tap the **Edit** button.
 - To select an existing display, tap the display name.

Using the Planar UltraRes App

Use the following buttons to control the currently selected UltraRes display.
